

GIANLUCA D'ONOFRIO

FRONTEND DEVELOPER

ABOUT ME

I'm a software developer passionate about Frontend development. I like to create functional and attractive web applications. I am a self-taught person, eager to learn new things and improve my skills, always with a positive attitude and eager to improve myself day by day.

Technologies I have been working with:

ReactJS | JavaScript | HTML | CSS | GitHub |
Redux | Node.JS | Express.JS | MongoDB |
Bootstrap | API Rest | TypeScript | MySQL |
VueJS | Vuetify | Jest.
